THE
BOARD OF DIRECTORS WORKSHOP
SAN BERNARDINO VALLEY MUNICIPAL WATER DISTRICT**

October 3, 2024

Directors Absent. None

Staff Present:

Karen Resendez, MAOL – Human Resources & Risk Manager

Members of the Public in Attendance:

Brett Granlund, Yucaipa Valley Water District
Joyce McIntire, Yucaipa Valley Water District
Kathryn Rippey, Energize Leadership

The Workshop of the Board of Directors was called to order by President Paul Kielhold at 9:30 a.m. at the Yucaipa Valley Golf Club, 33725 Chapman Heights Road, Yucaipa, California. President Kielhold led the Pledge of Allegiance. A quorum was noted present by roll call.

Agenda Item 1. Public Comment. None.

Agenda Item 2. Discussion And Possible Action Items.

2.1) Board of Directors Handbook Discussion. Chief Executive Officer/General Manager Heather Dyer provided background on the handbook development and revision process. She noted the handbook was adopted in 2017 and most recently revised in 2018. Ms. Dyer reviewed the feedback and direction given at a workshop on September 26, 2023, and noted progress has been steadily made toward final revisions. She said she hoped for Handbook completion by the end of the calendar year.

Formatting changes

Ms. Dyer reviewed the non-substantive formatting changes. The Board discussed the proposed inclusion of all District resolutions and ordinances and concurred that a table with hyperlink would be sufficient to handle that information.

High level topics

Ms. Dyer requested clear Board direction on the remaining items. Staff has summarized the feedback received from directors over the last year into specific topics, she stated.

Ms. Kat Rippey facilitated Board discussion starting with an encouraging talk and enumeration of the value of the directors and their most important contributions on the Board, and what legacy is intended to be left. Responses centered on commitment, public service, assuring quality water supply, representation and education of constituents, decision-making, modernization, sharing wisdom, engagement, commitment to the next generation, and remedying issues at the agency.

- Selection / Rotation of Officers

The Board discussed a policy or statement of intention regarding rotation of officers or election every two years as is current practice. All agreed there should be opportunities for service in leadership positions. The current draft document, in Chapter 4: Governance, states:

When opportunities to serve in various roles arise, the Board of Directors will make attempts to provide opportunities for all Directors to serve in various positions as practicable and in the best interests of the Agency.

It was agreed to retain this statement.

Ms. Rippey noted requests to clarify each role and opportunities to serve, outside of the Handbook.

- Role of President

President Kielhold pointed out inconsistency in designation of the Board President or the General Manager as spokesperson. The Board concluded the President should collaborate with Strategic Communications Manager Kelly Malloy, and may choose to designate another Board member to provide a quote in their area of knowledge or expertise. Chapter 4, Governance: Section 10 was amended to include a designee and issues:

The President, or their designee, is the designated spokesperson for the Board of Directors when requests are made from external sources. The President may elect to appoint one of the other Board members to serve in this capacity on various issues, as appropriate.

It will be within the purview of the Board President to decide who would be the most appropriate person to make a statement, Ms. Dyer clarified. All directors will be given opportunities for District functions, and this is one of those functions.

- Roles/Responsibilities of Board Committees: Assignments; Primary Representative

The Board discussed Governance: Section 4.3: Committees and gave direction:

- Improve communication of opportunities for participation
- List of committees should be an appendix, not in the Handbook
- The appendix should include a short summary plus detail on the expectations of the committee including travel and frequency of meetings, and identification of the convening authority, person, or agency
- Delete the Legislative Statement
- Staff shall prepare a short summary of each committee meeting for presentation to the Board at the next meeting

- Workshops

The Board discussed the nature and format of the current workshop meetings, and opportunities to serve as chair. Consensus was that workshops serve as a more casual/conversational format meeting of all five directors for in-depth discussion of more lengthy/detailed topics. It was suggested the chairperson appointed to a workshop should be a Board member not currently serving as an officer, which meets the stated aspiration of providing more leadership opportunities.

- Process for Assignment to Committees

Ms. Rippy pointed to Governance Section 4.2 and introduced the discussion. The Board directed staff to provide the Table of Committees to the Board members at the December meeting following the seating of directors. Directors will indicate their top five preferences for service and return the document in order for appointments to be made at the second meeting in January.

Ms. Dyer explained the exception of the election of representatives to the Santa Ana River Watershed Authority (SAWPA), which is submitted by resolution and must be done earlier. At the first Board meeting in January, Board officers would be elected, and the incoming president would hold the election for the SAWPA representatives, which would then be communicated to SAWPA.

Ms. Dyer pointed out that although most committees are appointed for two-year terms, some are designated as one year, which may not be enough time to gain knowledge of the committee subject. The Board agreed that two-year term appointments could be made as the standard.

- Primary Representative

Ms. Rippy recalled the prior discussion on the spokesperson. Ms. Dyer pointed to Section 5.3.4 requiring Board authorization for representation to outside agencies. She indicated this is not currently being practiced and reminded that Board members

must clearly define their representation when speaking to outside groups, and suggested that for ceremonial or informational purposes authorization would not be necessary. Advance authorization would be required regarding matters of policy.

- Board Meeting Protocol

President Kielhold stated that legal counsel advised the president does not have to preside over any meetings, and the Board is free to establish any protocol desired.

Ms. Rippy introduced potential discussion items, and the Board responded there were no issues or problems.

Suggested for addition to the handbook were:

- A quick reference page on Robert's Rules of Order
- Advisement for new Board members on how to prepare for a meeting, including reading the staff reports and backup information, and that questions can be asked of staff prior to the meeting

The following best practices were discussed, but were not intended to be included in the handbook:

- Information on agenda items that are more intricate/complicated should be supplied to the Board with more time than the Brown Act required 72 hours in advance of the meeting
- Complex items may be tabled or continued to a special meeting
- Ms. Dyer requested the Board advise staff if additional time or information is needed

Ms. Rippy encouraged the Board to schedule additional discussion on complex items, noting this was difficult to do in formal settings. President Kielhold reminded about legal counsel's narrow interpretation of the Brown Act and suggested a workshop on the topic. Ms. Dyer reinforced that robust public discussion is how the system is intended to work; bringing different perspectives to the conversation, and landing on good, defensible decisions. It shows the Board has strength of character and leadership.

- Director Benefits

On the table of benefits, eliminate the reference to benefits for those elected before 2011, as none of the current directors were elected prior to 2014.

- Additional Policies to consider: none suggested

- Other recommendations

- Director Harrison recommended scheduling a periodic tour for Board members of areas in which the District has projects.
- President Kielhold noted when sitting at the dais, it is difficult to see the other directors and it is acceptable to make a verbal request to speak, "through the chair."

Public Comment

Yucaipa Valley Water District Director Granlund commented on the effectiveness of in-person, public meetings.

Closing activity

Ms. Rippy asked each Board member to reflect on their proudest moment as a member of the Board, and to what they are most looking forward.

Director Harrison said his proudest moment was voting in favor of hiring CEO/General Manager Heather Dyer. He is most looking forward to developing 1,600 acres and building a new headquarters.

Director Hayes concurred.

President Kielhold concurred with the selection of the CEO/GM, and said he was proud of how the District operates, and proud of the purchase of the Sunrise Ranch property and Southern California Edison properties. He expressed gratitude to previous boards for building the financial reserves to be able to take advantage of those windfalls. He said he looks forward to finishing the Habitat Conservation Plan.

Director Botello said his proudest moment was when he first chaired the Policy/Administration Workshop. He said he looks forward to the future of the fellows program with Cal State San Bernardino.

Director Longville said she was proud of the planning efforts: Strategic Plan, Climate Adaptation Plan, Headwaters plan, and new collaborations. She said she looks forward to “all of it.”

Ms. Dyer stated she is most proud of the courage shown by the people of this agency in solving some hard challenges and taking on big initiatives, and of the cultural shift at staff level in teamwork and integration, with commitment to serving the Board, the agency, and the people. She said she is most looking forward to getting hard things done that have never been done before, such as the cost of service study.

Agenda Item 3. Future Business: None added.

Agenda Item 5. Adjournment

The meeting was adjourned by President Kielhold at 2:42 p.m.

AYES:	Botello, Hayes, Harrison, Longville	
NOES:	None	
ABSTAIN:	None	
ABSENT:	Kielhold	

Agenda Item 3. Discussion and Possible Action Items.

3.1) Consider Consulting Services Agreement with Scheevel Engineering and Authorize CEO/General Manager's Budgetary Authority for Phase 1 of the Anza Creek & Hidden Valley Creek Restoration Projects. Upper SAR HCP Executive Director Joanna Gibson advised this is a critical path to meet a deadline for the \$4 million Proposition 84 grant on July 31, 2025. The work also serves projects under two grants from the US Bureau of Reclamation. The project proposes habitat enhancement work at tributaries to the Santa Ana River to create new habitat for the Santa Ana sucker and other species. The work will meet mitigation requirements for infrastructure projects

proposed in incidental take permits under review by the US Fish & Wildlife Service and permits already issued or soon to be issued for base flow reduction and stormwater capture projects.

Ms. Gibson described impacts to habitat and advised the projects will compensate for the loss by creating new habitat or enhancing existing habitat in tributaries. The projects are required to achieve permit compliance for the Sterling Natural Resources Center and projects with the cities of Riverside and San Bernardino, and stormwater capture projects.

Ms. Gibson detailed the project components and two-phase project delivery timeline related to the expiring Santa Ana River Conservation and Conjunctive Use Program (SARCUUP) Prop. 84 grant. The benefits include reductions in cost, schedule, final project performance, and meeting of the grant deadline. She noted that District staff would be performing much of the work and gaining experience under the guidance of Scheevel Engineering.

The grants will cover approximately 75 percent of the requested \$2,083,070, for a balance of \$529,767 which will be reimbursed by agencies that have mitigation placed at these sites, Ms. Gibson explained. The SBV 2024-2025 budget includes a line item of \$7,500,000 for field improvements at these sites, she said.

Director Botello acknowledged the grant funding and asked for detail on the cost for environmental monitoring and retention of local tribes. Ms. Gibson explained the requirement for at least one biological monitor and one cultural monitor at each site. In addition, SBV is working on an agreement with a local tribe to provide a staff member to be present on site, which must be submitted to the Army Corps of Engineers.

Director Botello asked for additional information on the removal of palm trees at the mitigation site. Ms. Gibson provided detail on the removal program by the Santa Ana Watershed Association (SAWA). Director Botello noted it is a large expense, but the process makes sense.

Director Longville commented on the SARCUUP program and conjunctive use. Ms. Dyer described the current actions in progress to move the program forward and estimated in the next couple of years the project could be built out.

The Board of Directors authorized the CEO/General Manager to conduct the following:

1. Execute a Consulting Services Agreement with Scheevel Engineering for Phase 1 of the Anza Creek and Hidden Valley Creek Restoration Projects in the amount of \$683,700
2. Authorize expenditures up to \$170,000 for heavy equipment rental
3. Authorize expenditures up to \$40,000 for rock delivery from the Santa Ana River Enhanced Recharge, Phase 1B project site to the Anza Creek and Hidden Valley Creek Project sites

4. Authorize expenditures up to \$500,000 for palm tree removal, haul away, and refuse disposal
5. Authorize environmental biological and cultural monitoring, including retention of a local Tribe, for the project up to a budgetary amount of \$500,000
6. Approve contingency costs of up to 10 percent above the total projected cost amount or \$189,370 for a total of \$2,083,070 by the following roll-call vote:

MOVED: Harrison	SECONDED: Longville	APPROVED: 4-0
AYES:	Botello, Hayes, Harrison, Longville	
NOES:	None	
ABSTAIN:	None	
ABSENT:	Kielhold	

3.2) Consider adoption of the Climate Adaptation and Resilience Plan. Chief of Planning and Watershed Resilience Greg Woodside provided background on the development of the Climate Adaptation and Resilience Plan (CARP). Following Board comments on the draft, a revised document was presented to the Board at the June 6 meeting.

Mr. Woodside reviewed substantive changes since the June 6 workshop. The CARP is a consideration of how to mitigate risk to the regional water supply and the District’s mission capability over time. It is a comprehensive guide to be used to integrate planning, risk mitigation, and adaptation efforts, he explained. The CARP provides a framework to tie together ongoing planning efforts and helps integrate and align initiatives with other partners and stakeholders.

If adopted, the implementation of the CARP will occur in phases over a 20-year period, Mr. Woodside continued. He described the use of the CARP in SBV activities and noted it will be helpful in application for grants. As climate science advances, information will be brought back to the Board and will help inform the approach.

A dashboard will be developed to track progress, Mr. Woodside continued. It is expected the document will be reviewed annually and revised at a minimum every five years.

Director Botello said the new Forward captures the essence of the document and ties it together. He added that it is a living, working document.

Director Longville reminded this was her first priority for appointment and was one of the most enjoyable. She pointed to the statement that the CARP “serves as a roadmap for the Agency to increase operational resilience and reduce contributions to climate change,” and noted specific Plan elements.

CEO/General Manager Heather Dyer reminded the Board this has been in progress for a long time and was hard work. She recalled the discussions and said that the most rewarding was to think through the system, water supply, risks, and what can be done. Implementation and benefits will be over decades, she noted. It is a comprehensive, cutting edge look at the job of the District and how it will be done in the face of unknown conditions. She commended the consulting team and staff.

In response to Vice President Hayes, Mr. Herzog indicated the Emergency Response Plan addresses a more immediate condition such as earthquake. There is a connection in that the issues overlap.

Vice President Hayes said it was good to see things coming to fruition. Although many will not see the end goal, it is this Board's contribution to the future to provide something that the future Board and staff can work on.

The Board of Directors adopted the Climate, Adaptation and Resilience Plan by the following roll-call vote:

MOVED: Longville	SECONDED: Botello	APPROVED: 4-0
AYES:	Botello, Hayes, Harrison, Longville	
NOES:	None

ABSENT:	Kielhold

SUBJECT: Consider 2025 Annual Facility Maintenance and Repair Program

Staff Recommendation:

Staff recommends the Board of Directors (BOD) consider approving a not-to-exceed budgetary amount of \$350,000 for the 2025 Annual Facility Maintenance and Repair Program.

Summary:

District staff recommends a one-month State Water Project (SWP) outage in January 2025, aligning with planned outages by the California Department of Water Resources (DWR), which will impact the Foothill pipeline and its deliveries. Recent SWP allocations and wet winters allowed for continuous operation, prioritizing deliveries and recharge efforts over shutdowns. However, staff now recognizes the need for a planned shutdown in order to conduct essential maintenance and complete pending repairs that require the facilities to be offline, with a primary focus on pipeline inspection and specific facility repairs. Staff recommends the Board of Directors (BOD) consider approving a not-to-exceed budgetary amount of \$350,000 for the 2025 Annual Facility Maintenance and Repair Program.

Background:

Valley District normally conducts a one-month outage of SWP water deliveries to allow for inspection and repair of facilities that cannot be done during normal operations. This year, staff is planning for this outage to occur in January 2025 to correspond with scheduled outages by DWR that will occur at several DWR facilities and consequently affect the operation of the Foothill pipeline and its respective deliveries.

Due to recent SWP allocations and wet winters over the past couple of years, staff prioritized maximizing deliveries and recharge efforts and therefore opted not to shut down the pipelines in 2023 and 2024. However, staff now strongly recommends a shutdown this year to perform essential

routine maintenance and address repairs that require the facilities to be offline. Staff will perform general maintenance of the pipeline but will mainly focus our inspection and repair on a few key facilities. For example, the City Creek Turnout guard valve is leaking, non-operational, and needs replacement. Another critical pressure-reducing valve, 14 inches in diameter, that is part of the Santa Ana River Crossing (SARC) pipeline has reached its end of useful life and needs to be replaced. Another key component in the system that needs attention is the Sweetwater Turnout, where we have a guard valve that is 50 years old, broken, and needs replacement.

Air-Vac Valves and Isolation Valves:

The District’s pipelines and facilities are equipped with various air-vac valves and associated isolation valves of different sizes, which are critical for maintaining system reliability. These components are regularly inspected and replaced as needed. Given that certain sizes may not always be readily available, with lead times ranging from four to six weeks, Staff recommends that the Board approve a budget allocation of \$50,000 to procure a stock of spare air-vac and isolation valves, ranging from 2 to 8 inches in diameter, to ensure timely replacements and maintain operational continuity.

Miscellaneous Components:

This item covers other miscellaneous components and minor appurtenances needed for the pipeline system that are required to inspect and maintain the system routinely. These items are essential for dewatering operations, accessing manholes, and making minor repairs such as leaks. These components, including nuts, bolts, gaskets, and spool pieces, will be required. A budgetary amount of \$50,000 is requested to cover these essential materials.

Supplemental Contractor Support:

Much of this work will be carried out by our in-house operations staff; however, certain tasks will require specialized contractor support. These tasks include traffic control at some of the locations, crane services for lifting vault roofs, and confined space entry at key sites where specialized safety protocols are necessary. A budgetary amount of \$100,000 is being requested for this effort.

The overall budgetary request for these items is summarized in the following table:

Item	Budget Amount
Santa Ana River Crossing Pipeline (SARC)	\$48,000
City Creek Turnout	\$100,000

Air-Vac and Isolation Valves	\$50,000
Miscellaneous Components	\$50,000
Supplemental Contractor Support	\$100,000
Budgetary Amount (rounded to nearest \$1,000)	\$350,000

The 2025 Maintenance and Repair program is estimated to cost approximately \$350,000, including \$250,000 for the materials and \$100,000 for labor. Upon approval, Staff will obtain the necessary final quotes from local contractors to perform this work. A summary report will be given to the Board along with total expenditures after the work is completed.

Strategic Plan Application:

This initiative reflects our Agency’s commitment to its mission, vision, values, and strategic priorities by maintaining the reliability and longevity of our infrastructure and assets. By proactively ensuring the operational integrity of our systems, these efforts are directly supporting the District's mission and maximizing the operational flexibility of our water system, which is critical for both current and future service demands.

Fiscal Impact:

The fiscal impact of this effort is estimated at a total cost of \$350,000 for the maintenance and repair activities identified in this report for the 2025 Maintenance and Repair Program. SUBJECT: Approve Clarifying Language in Employee Handbook – Value of Employer Paid Member Contributions (EPMC) for CalPERS Tier 1 Retirement

Staff Recommendation

Approve clarifying language in the Employee Handbook regarding Employer Paid Member Contributions (EPMC), as required by CalPERS, to ensure compliance with California Code of Regulations (CCR) section 571(b) standards for retirees' special compensation benefits.

Summary

CalPERS requires all special compensation policies to be documented in an approved labor agreement or policy approved by the governing body. Effective January 1, 1995, Resolution 824 confirmed the Agency's commitment to fully cover Employer Paid Member Contributions (EPMC) by paying the entire normal member contribution for Tier 1 Classic Employees.

In response to CalPERS requirements, the Employee Handbook has been updated to clarify the following for Tier 1 Classic Employees:

- *The current normal member contribution rate for Tier 1 Classic Employees is 8% and in accordance with Resolution 824, is fully paid by the Agency on behalf of the employee.*
- *The effective date of Resolution 824, January 1, 1995, is now included in the Handbook.*

Background & Discussion

Resolution 824, approved on December 6, 1994, and effective January 1, 1995, committed the Agency to pay 100% of normal member contributions as EPMC and report this to CalPERS as compensation.

On May 17, 2011, the Board adopted Resolution 982 amending San Bernardino Valley's contract with CalPERS to implement a 2nd Tier benefit formula for employee pensions to be effective July

1, 2011. This means that Resolution 824 applies only to Tier 1 Classic Employees, those employees hire by the Agency before July 1, 2011.

The current contribution rate for Tier 1 Classic Employees is 8%. The clarifying language states the current contribution rate.

The clarified language included in the Employee Handbook is an administrative update only, documenting the Agency's ongoing practice and ensuring retirees receive their intended retirement benefits. Additionally, CalPERS requires an effective date in the Employee Handbook, aligning with regulatory standards.
